

We are two of 37 Maths Hubs in England, working together since 2014. This programme is funded by the DfE. **London Central and West** supports the teaching of mathematics covering the boroughs: Ealing, RBKC, LBHF, Hillingdon, Hounslow and Brent (shared with [LNCW Hub](#)). London **Central and North West** supports: Harrow, Barnet, Camden, Islington, Westminster and Brent (shared with [LCW Hub](#))

Primary Teaching for Mastery

Some schools in Brent have a **Primary Mastery Specialist**. This means they have had 1 or 2 years of training with the NCETM and are working with 6 or 7 other schools in order to help them on their teaching for mastery journey. Read more [here](#). Many schools in Brent have worked with a Mastery Specialist, however not all Brent schools would have worked with Specialists in Brent. This does not matter as it is the same programme in all boroughs. Schools in Brent that have a Mastery Specialist in them are below in the green boxes:

Oliver Goldsmith—
Arti Patel

Preston Park—
Jaspreet Kaur

Byron Court —
Natasha Ho

Mitchel Brook—
Hind Nuha

Salisbury—
Yasmin Hussain

Department for Education

BRENT (2019-20) and the Maths Hub Offer

National Centre for Excellence in the Teaching of Mathematics

Maths Hubs will provide your school or college with **FREE CPD**. They do not offer courses—they are called Work Groups. The emphasis is on collaborative, exploratory, evidence based professional development.

Read more [here](#).

BRENT is shared with two hubs

[London Central and West Maths Hub](#)

Contact: charlotte.kleiner@foxprimary.co.uk (even though this hub is based in a primary school, it runs secondary Work Groups too)

AND

[London Central and North West Maths Hub](#)

Contact: j.laurie@stmaryleboneschool.com (even though this hub is based in a secondary school, it runs primary Work Groups too)

Other Work Groups (EYFS, Primary, Secondary and Level 3)

NOT all being hosted in Brent but all Brent schools can apply.

Please see the list from London Central and West [here](#).

Please see the list from London Central and North West [here](#).

We would like more projects being hosted in schools, we therefore need more Maths Leads attending projects, to then hopefully lead on one themselves in future years. We have 38 people working for the hub who could come in to your school to offer bespoke support too.

Currently there is a Primary Good Practice Network happening once a term at Byron Court. Details are [here](#).

Secondary Teaching for Mastery

We currently do not have any Secondary Specialists in Brent. We really hope to get more schools in involved. There are many Secondary Mastery Specialists working across West and North West London. The boxes show the Lead teachers for the Secondary programme who lead a number of specialists across their region. Even if schools are in Brent, they can still work with a specialist in another borough. Click on the box to contact them to find out more Read more [here](#).

The Green School for Boys—Yuvraj Nirwal

The St Marylebone CE school—Megan Bailey
