Primary Teaching for Mastery

Some schools in Hillingdon have a **Primary Mastery Specialist in their school**. This means they have had 1 or 2 years of training with the NCETM and are working with 6 or 7 other schools in order to help them on their teaching for mastery journey. Read more [here](#). 41 schools in Hillingdon have worked with a Mastery Specialist so far, however there are still schools who have not. Hillingdon schools can work with any specialist in any of our 6 boroughs but the schools at the moment in Hillingdon that have a Primary Mastery Specialist are:

We would like more projects being hosted in schools, we therefore need more Maths Leads attending projects, to then hopefully lead on one themselves in future years. We have 38 people working for the hub who could come in to your school to offer bespoke support too.

Currently we have a Primary Good Practice Network happening once a term at Hermitage Primary School. Details are [here](#).

FOCUS: For Hillingdon we would like to reach more Secondary schools and have more schools leading on other projects!
