Early Years and Primary Maths Hubs Projects in 2024-25

Develop mathematical subject knowledge and understand the pedagogy that underpins the teaching of it.

There's more to subject knowledge than knowing how to do the maths yourself. Teachers and teaching assistants need to have a clear understanding of how children grasp and retain mathematical concepts.

SIGN UP NOW

Early Years Teachers

This project is for Early Years teachers who would like to develop their specialist knowledge for teaching maths to Reception pupils. It may be particularly relevant for teachers that have moved phases or have not received maths-specific training.

Primary Teachers

This programme is designed for primary teachers who would like to develop their specialist knowledge for teaching maths. This may be particularly relevant for teachers who have moved phases or have not received maths-specific training.

Primary Teaching Assistants

This programme is designed for primary TAs who are supporting maths, and who would like to develop their specialist knowledge for teaching maths. This may be particularly relevant for new TAs or TAs who have not received maths specific training.

Primary Early Career Teachers

Whilst recognising the requirements of the Early Career Framework, this programme provides a subject specific focus for the ECT that enhances the statutory offer, with a focus on the teaching of maths. Participants will be those identified as Early Career Teachers.

For further information please visit our website lcwmathshub.co.uk or email us admin@lcwmathshub.co.uk.

We look forward to working with you.
